PRINTED IN GREAT BRITAIN AT  
THE UNIVERSITY PRESS  
ABERDEEN

# CONTENTS

Part 1 issued November 1970

Editorial Note

Foreword from H.R.H. The Duke of Edinburgh

Page

- 1 The Scottish Arctic Alpine Botany Society. By J. R. Matthews
- 9 The Identification of the Seeds and Fruits of Common Scottish Aquatic Herbs.  
By J. T. Swarbrick
- 27 *Saxifraga hirculus* L. in north-east Scotland. By D. Welch
- 31 The Marine Algae of St. Kilda. By Roy Watling, Linda M. Irvine and  
Trevor A. Norton
- 43 Pollen Diagrams from three Buried Peats in the Aberdeen Area.  
By S. E. Durno
- 51 A Bryophyte Flora of Handa Island, Sutherland. By Brian S. Brookes
- 59 A Discomycete Parasitic on *Thamnolia vermicularis*. By Alan K. Walker
- 61 The Role of Marginal Hydathodes in Foliar Water Absorption. By D. Wood
- 65 The Importance of Microorganisms to Colonising Plants. By J. L. Harley
- 71 Plants and Industrial Waste. By A. J. Bradshaw
- 85 Some effects of Animal Grazing and Browsing on Vegetation.  
By I. A. Nicholson
- 95 Notes on the Scottish Flora
- 97 Alpine Section Report for 1969
- 99 Cryptogamic Section Report for 1969
- 103 Committee for the Study of the Scottish Flora
- 105 Proceedings of the Society

---

Part 2 issued November 1971

- 109 Determination in Plant Development. By P. F. Wareing
- 119 The Adaptive Significance of a Wide Altitudinal Range for Montane Species.  
By D. Wood
- 125 Ballast Aliens in South Fife. By G. H. Ballantyne
- 139 Ecological Changes in the Loch Lomond Region. By Ruth M. Tittensor
- 149 Fertiliser Response of Vegetation on Ultrabasic Terraces on Rhum.  
By R. E. C. Ferreira and P. Wormell
- 155 The Flora of Danna: a Supplement. By A. G. Kenneth
- 165 The Agarics of St. Kilda. By Roy Watling and M. J. Richardson
- 189 The Plant Kingdom as a Source of Drugs. By J. W. Fairbairn
- 197 Some New Records of Ascomycetes from Scotland. By J. C. Krug
- 201 The Genus *Abies* in Scotland. By A. F. Mitchell
- 213 Studies on Synthetic Hybrids of British Species of *Senecio*:  
*I Senecio viscosus* L.  $\times$  *S. vulgaris* L. By P. E. Gibbs
- 219 Energy Metabolism in Green Cells. By J. A. Raven
- 227 Food Preference Experiments with Captive Ptarmigan. By C. F. Summers.
- 231 A Study of a Population of Birches in Glen Gairn.  
By Ian R. Brown and Graham Tuley
- 247 Notes on the Scottish Flora
- 249 Tenth Research Symposium: Heriot-Watt University Edinburgh 1970
- 261 Alpine Section Report for 1970
- 263 Cryptogamic Section Report for 1970
- 265 Committee for the Study of the Scottish Flora
- 269 Proceedings of the Society

Part 3 Issued June 1972

- 273 Foreword. By J. R. Matthews  
279 Where have all the Gentians gone? By N. M. Pritchard  
293 Philip Miller and the Plants from the Chelsea Physic Garden presented to the Royal Society of London, 1723-1796. By W. T. Stearn  
309 Some Metabolic Aspects of Ecology. By R. M. M. Crawford  
323 On Some Fossil Species of *Hemiaulus*. By R. Ross  
343 A Prostrate Species of *Myricaria* in Eastern Himalaya and Yunnan. By Hiroshi Hara  
347 *Meconopsis taylorii*, a new Species from Nepal. By L. H. J. Williams  
351 Thomas J. Booth and the Type Localities of his Indian *Rhododendrons* described by Nuttall. By Frank Ludlow  
365 Evolutionary Recall in *Hypericum* (*Guttiferae*)? By N. K. B. Robson  
385 Fungi on Scottish Bryophytes. By D. M. Henderson  
393 Plumular Protection and some related Aspects of Seedling Behaviour. By B. L. Burt  
401 A Synopsis of the Old World Species of *Trichospermum* Blume (*Tiliaceae*). By A. J. G. M. Kostermans
- 

Part 4 issued November 1972

- 431 An Annotated Flora of the Monach Isles National Nature Reserve, Outer Hebrides. By F. H. Perring and R. E. Randall  
445 *Anthelion Julaceae*—A New Alliance of Sub-Alpine Spring Vegetation. By David W. Shimwell  
451 A Review of the Sub-Species *carpatica* and *tortuosa* within the Species *Betula pubescens* Ehrh. By A. S. Gardiner  
461 The Effect of Shade on the Photosynthetic Pigments of Needles on Trees of *Pinus sylvestris* ssp. *scotica* grown under Field Conditions. By A. G. Hepburn  
469 Nucleolar Behaviour during Division in the *Homobasidiomycetidae*. By Mary H. Galbraith and E. G. Duncan  
476 Past and Present Vegetation in Relation to Solifluction on Ben Arkle, Sutherland. By I. D. White and D. N. Mottershead  
491 Light on Freshwater Macrophytes. By D. H. N. Spence  
507 A Preliminary Survey of Bearrig Moss, a Fen in South Scotland. By R. E. Daniels  
517 A Study of Hybrids between *Betula pubescens* Ehrh. and *Betula nana* L. from Sutherland—an Integrated Approach. By J. B. Kenworthy, D. Aston and S. A. Bucknall  
541 A note on the Bog Flora of Wigtownshire. By D. A. Goode  
547 Notes on the Scottish Flora  
555 Eleventh Research Symposium: Stirling University, 1971  
565 Alpine Section Report for 1971  
567 Committee for the Study of the Scottish Flora  
571 Proceedings of the Society  
577 Index to Volume 41
